159-1-12

Ottawa,
December 18, 1940.

AIR MAIL

Dear Sir:

I have your letter of the 14th instant with reference to a small iron fireman used for the domestic hot water boiler at the former Coqualeetza School.

On receipt of your letter I got in touch with the Surveys & Engineering Branch and was informed by the Architect that the fireman would not be required at Coqualeetza. You may, therefore, arrange to send it to the Alberni Residential School. It is understood that the fireman was purchased from school funds.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

Port Alberni, B.C.

Dear Mr.Ashbridge:

I am enclosing herewith, invoice in quadruplicate, No.86792 from the Island Freight Services Ltd.,

This item is for freight charges on the initial shipment of furniture from McLennan,McFeely and Prior of Vancouver, as supplied by the Department. I feel that this is a fair charge upon the Department for that reason, as it is not in the least concerned with our month to month expenditures for freight charges. I regret that it has been delayed but we had to ask for it to be sent in in the proper way. We have deducted this amount from our monthly account.

Yours sincerely,

Dear Sir:- Your File 159-1-5.
re: Alberni Indian Residential School.

I have received your letter of December 12th in reply to mine of November 26th, regarding fire protection equipment for the marginally-noted School.

It is noted that the question of the installation of fire gongs has been referred to the Surveys and Engineering Branch.

You do not refer, however, to the request (in my letter of November 26th, File 15/15/9007) for fire extinguishers, some of which are required for the classroom block, which is a frame building and should be provided. I should appreciate the Department's decision with respect to the purchase of these extinguishers.

Yours faithfully,

D. M. MacKay.

REV. R. C. SCOTT, B. A.

Alberni,
~~Alberni~~, B.C. December 3rd, 1940.

Mr P.B.Ashbridge,
Indian Agent,
Port Alberni, B.C.

Dear Mr Ashbridge: Re Materials for lockers and cupboards in Boys and Girls' Dormitories.

I beg to enclose herewith estimates for materials for the above purposes. Under date of Novermber 26th last, Major MacKay wrote me asking me to hand you such information in order that prices might be secured from local firms. I enclose a copy of his letter.

I would like to draw the attention of the Commissioner to the fact that this amount is much less than the amount which I suggested to him in the conversation referred to above. In fact it will be only about one half the cost.
This is due to my having yielded, at last, to the repeated requests of the supervisors on Boys' and Girls' sides, for some accommodation for storing bed linen etc in the dormitories. This equipment, sheets, pillow cases etc was simply left piled on the floors in the dormitories and was not only unsightly but unsanitary also.
Consequently, I told our Boat Builder that he might order sufficient lumber for lockers in each dormitory. I had in mind only a cupboard to cover each of two windows, just over the radiators. This would accomplish two things, namely, provide a covering for the widnows which are opposite one another on Boys' and Girls' sides, and at the same time afford a place for storing bedding which would be always dry.
Owing to a misunderstanding of the meaning of the term "Cupboards", Mr Huddlestone ordered enough lumber to build continuous cupboards between these windows as well as to merely cover them. Thus we have now on hand sufficient lumber to build all the cupboards on the Girls' side, and need only that for the Boys' side as set forth in the enclosed estimates.
While I realize that this amount ought rightly to have come before the Department before being purchased, still, it was the result of a misunderstanding between me and Mr Huddlestone. I proposed to buy only sufficient material for linen cupboards, and would have been quite prepared to have paid for it out of School funds. As it has turned out, I am now faced with payment of a bill for a much larger amount, as shown on the enclosed statements from Bloedel Stewart and Welch.
Consequently, I would be glad if you would forward this account to the Department at the same time as you send in the estimates for materials to complete the cupboards.
I might point out that the estimate for hardware is for the complete sets of cupboards on both Boys' and Girls' sides as none was purchased previously.
I may say that I have asked for prices from both the large lumber firms, Bloedel, Stewart and Welch, and the Alberni-Pacific Co, but have not found any difference in their prices. Hence I did not hesitate to give the above partial order to the former.
If the remaining materials were ordered from the A.P.L.Co, it would give them each an equal amount of account.
I enclose herewith one copy of the Bloedel Stewart and Welch invoice to be forwarded to the Department. I shall hold the other three copies until it is known whether the Department will be good enough to authorize the same.

Yours sincerely,
R. C. Scott

Dear Sir: Your File 159-1-12

With reference to your letter of November 26th and my letter of January 7th regarding new tableware for the Alberni Indian Residential School, I beg to submit herewith a quotation from Marshall-Wells B.C. Ltd. on the equipment Reverend Principal Scott considers would meet the requirements. The total cost of the items listed is approximately $250.00, f.o.b. Alberni.

I would recommend that this tableware be supplied on the understanding that the School will be responsible for replacements as need arises.

The vitrified tableware used at St. Catherine's School, Duncan, was supplied by Marshall-Wells B.C. Ltd. and has proved highly satisfactory.

Yours faithfully,

D. M. MacKay.

Dear Sir: Your File 159-1-12.

I have to refer to Mr. Hoey's letter of November 26th regarding tableware for the Alberni Indian Residential School.

As suggested I got in touch with Colonel Logan of the Fairbridge Farm School at Duncan regarding the type of tableware in use there and was informed that this was made in England and replacements are not available in Canada.

Colonel Logan further informed me that following a request received from you some time between August and October, 1938, he sent you the only copy of the manufacturers' catalogue he had, and as he did not make a note of the name of the firm he is not now in a position to supply this information without communicating with his headquarters in London.

I have discussed the replacement of the tableware at Alberni with Principal Scott, and he is of the opinion that white vitrified mugs, plates and saucers and enamel platters, jugs and serving dishes would be quite suitable. Should the Department supply the initial issue of these, it is understood that the school will be responsible for replacements. Prices are being secured on the vitrified and enamel tableware referred to, and the matter will in due course be referred to the Department for consideration.

Yours faithfully,

D. M. MacKay.

Dear Sir: **Re Alberni Indian Residential School.**

I have received your letter of December 28th informing me that Purchase Order No.4725 was issued covering the purchase of fire extinguishers for the marginally noted school and that a copy of this Order was forwarded to this office on December 11th. The copy referred to has not been received here.

It has been noticed recently that in some cases this office has not been supplied with copies of Purchase Orders. Aside from the case in question, copies of Orders covering the purchase in Vancouver of blankets from Gault Bros. and the West Coast Woolen Mills, and sheets, pillow cases, etc., from MacKay Smith and Blair, all of which were for the Alberni Indian Residential School, were not received here and it was not until these firms submitted their accounts that anything was known by this office of these Orders having been placed.

The reasons why this office should be furnished with copies of such Orders, especially those covering purchases recommended from here, are obvious and it would be helpful if the Department could arrange for the prompt despatch of these once Purchase Orders affecting the Branch in this Province are issued.

Gentlemen,-

Reply to your letter of the 11th ultimo, regarding condition of Ironer supplied on P.O. 3105 has been deferred pending receipt of additional information from our western representatives.

Instead of replacing the Ironer originally supplied in accordance with my letter of Oct. 10, 1940, it will be satisfactory to this Department if you will arrange as follows:

(a) Damaged frames to be replaced by new ones by your company without cost to this Department.

(b) The roller which was bent as a result of the accident to the Ironer, and had to be straightened, to be replaced by your company provided it gives any trouble within the twelve months' period covered by your guarantee against defective parts.

Kindly arrange accordingly at your earliest convenience, so that we may arrange for payment of your account.

Memorandum:

DIRECTOR

Surveys & Engineering Branch

Early in December we received a letter from Indian Commissioner MacKay with regard to a small iron fireman used for heating the domestic hot water boiler at the former Coqualeetza Residential School. This fireman was purchased by the Principal from school funds and on receipt of Major MacKay's letter Mr. Phelan phoned to Mr. Buck and ascertained that the fireman would not be required at Coqualeetza.

I, therefore, instructed Indian Commissioner MacKay to arrange for its transfer to the Alberni Residential School where the Principal states it can be used.

I should appreciate it if you would advise your officials in British Columbia that this Branch approves the iron fireman being sent from Coqualeetza to Alberni.

M.K.M.
Acting Director.

Memorandum:

MR. BAILEY

I desire to refer to your memorandum of December 12 enclosing copy of letter received from the Beaver Laundry Machinery Company regarding the unsatisfactory condition of the ironer supplied by this firm to the Alberni Indian Residential School on purchase order No. 3105.

On receipt of your memorandum we wrote to Commissioner MacKay and he has replied as follows:

"In my opinion the damaged frames should be replaced by new ones as suggested by the company and without cost to the Department.

"In view of the fact that the roller was bent as a result of the accident and had to be straightened the company should be required to replace the roller should same give any trouble within the period of the usual guarantee."

I trust that the above is the information you require and that you can now arrange with the company to make the necessary changes to the ironer.

AIRMAIL

Dear Sir: Your File 159-1-12.

I have received your letter of December 13th enclosing a copy of the Departmental Purchasing Agent's memorandum with further reference to the ironer supplied to the Alberni Indian Residential School by the Beaver Laundry Machinery Company. The suggestion by the Company that new frames be supplied was referred to Mr.Ashbridge and I attach herewith a copy of his reply.

I may say that I do not share the Agent's view that it would be unwise to replace the damaged frames, despite the fact that these would appear to have been properly welded. In my opinion, these frames should be replaced by new ones as suggested by the Company, and without cost to this Department.

In view of the fact that the roller was bent as a result of the accident and had to be straightened, the Company should be required to replace the roller should same give any trouble within the period of the usual guarantee.

Yours faithfully,

D.M.MacKay,

Your file: 15/15/9376.

West Coast Agency,
Port Alberni, B.C.,
December 20, 1940.

Sir:

I have the honour to refer to your letter of December 17th, 1940, in connection with damage to laundry machinery at the Alberni Residential School.

As instructed, I inspected this machine in company with the school engineer, and I wish to report that the machine in question is now in first class running order. It has been in operation for the past six weeks, and nothing has developed due to original damage.

Mr. Bacon, manager of the Alberni Machinery Works, very kindly accompanied us to give his expert opinion and it was mutually agreed that it would be unwise to interfere with the machine by replacing the frames, and that the Department would be justified in accepting it as it now stands.

Your obedient servant,

PBA/AM

P. B. Ashbridge,
Indian Agent.

Dear Sir:

With reference to your letter of the 24th ultimo favourable consideration will be given to payment of the amounts of $70.20 and $94.59 in connection with the purchase of material required for the construction of cupboard and storage facilities at the Alberni Residential School. Your purchase orders should accompany the vouchers.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

P.O. BOX 70
VANCOUVER, B.C. December 24, 1940.

Dear Sir: Re Alberni Indian Residential School.

Reverend Principal Scott has advised that he found it necessary to expend $70.20 for materials to provide urgently required cupboard and locker accommodation in the dormitories of the school and requests that the Department favorably consider the payment of this account.

The Principal also requests authority to expend an additional amount of $94.59 for hardware and lumber to complete the construction of the cupboard and storage accommodation required, the total amount involved being $164.79.

I would recommend favorable consideration of the application. Should the Department approve, the necessary Purchase Orders covering the amount of $70.20 already spent and the proposed expenditure of $94.59 could be issued by this office.

Mr. Scott's letter regarding the matter is attached for your information.

Yours faithfully,

D. M. MacKay.
Indian Commissioner for B.C.

AIR MAIL

Dear Sir:

The contents of your letter of December 30, with reference to the ironer supplied to the Alberni Residential School, were forwarded to the Purchasing Branch and the Departmental Purchasing Agent wrote the following letter on January 4 to the Beaver Laundry Machinery Co. Limited, Toronto, Ontario:

"Reply to your letter of the 11th ultimo, regarding condition of ironer supplied on P.O. 3105 has been deferred pending receipt of additional information from our western representatives.

"Instead of replacing the ironer originally supplied in accordance with my letter of Oct. 10, 1940, it will be satisfactory to this Department if you will arrange as follows:

(a) Damaged frames to be replaced by new ones by your company without cost to this Department.

(b) The roller which was bent as a result of the accident to the ironer, and had to be straightened, to be replaced by your company provided it gives any trouble within the twelve months' period covered by your guarantee against defective parts.

"Kindly arrange accordingly at your earliest convenience, so that we may arrange for payment of your account."

Major D.M. MacKay,
Indian Commissioner,
P.O. Box 70,
Vancouver, B.C.

Please let me know if the company has carried out the request of the Purchasing Agent and, if the ironer is now satisfactory, the account should be forwarded for payment.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.
