Feb. 3, 1938

Dear Sir:

I enclose herewith account for drugs etc., from Lawrence Drug Store. The colitre tablets were authorized by the Department. The fumigating lamps had to be used after our epidemic of measles and Whooping cough last December, and the other articles were bought on recommendation of the doctor during illness of children.

We had quite an amount of illness during the months of November and December, and we were unfortunatly in losing three of our pupils during that illness.

Will you kindly forward the enclosed to the Department for payment.

Yours faithfully.

REV. C. F. HIVES,

Jan. 9, 1939

Dear Sir:

In reply to your inquiry regarding pupil No. 0263 Kathleen Stock, who is subject to epileptic fits, and who has been recommended by Doctor McCaig to be transferred to an institution where she can be given proper care and treatment. I hope this may be done in the near future, for these fits are becoming more frequent and much more severe, and I don't think it is good for the rest of the girls to have her here. In fact, I think it is harmful. She had one yesterday in the diningroom while the pupils were at dinner, and it was very severe, and tends to upset the children very much.

I would be glad if the matter could be taken up as soon as possible, and the girl transferred to proper care and treatment.

Yours faithfully.

Sir:

With reference to the enclosed letters re Kathleen Stock of Shingwauk Home, I beg to say that I have made careful inquiries into this matter, and would recommend that action be taken as soon as possible to have this pupil transferred to an institution where she can receive proper treatment and care.

Your obedient servant,

[Handwritten signature: G. H. Smith]

EX'D.

Dear Sir:

Reference: Your Letter, January 10th -
Kathleen Stock, Shingwauk Indian
Residential School.

The Department is prepared to pay the main-
tenance of this girl at the Ontario Hospital at
Woodstock or any other Provincial institute if she
is properly certified by doctors at Sault Ste. Marie
and admitted in accordance with the provincial law.

G.H.S.
If these conditions can be met, you are at
liberty to have her removed to the Ontario Hospital,
and may make any reasonable expenditure for travelling,
clothing, and so forth.

As she is not, properly speaking, a case of
mental disease, it is thought that her guardians, if
she has any, should be consulted.

Yours truly,

TRM
T. R. L. MacInnes,
Secretary.

Dear Doctor Stone:

The enclosed bill from Lawrence Drug Store, is for medicines we have had to get by doctor's order from time to time, with the exception of the Goitre tablets, which you sanctioned.

At present we have a few cases of Chicken Pox, but nothing of serious nature. I am taking the epileptic down to the Ontario Hospital today.

Yours faithfully.

Dear Doctor Stone:

I would like to recommend something to you regarding the visits of the Doctor to our school. Now that a new man is on the job, I wonder if it would not be a very good idea to have a doctor's log book, which he will have to report in and sign. The doctor's visit heretofore have been quite irregular and more or less haphazard excepting when he is called to a case. This is an important work, and well worth doing.

If the idea appeals to you, I would be very much obliged if you would send a Log book along with necessary instructions. The ~~XXXXXXXXXX~~ Head Matron, who is a registered nurse, can have charge of it, and in the event of any illness it will be recorded there in case you should want it at anytime.

Yours faithfully.

Reverend Sir:

Answering your letter of March 3 to Doctor Stone, I agree that it would be a good idea to have a doctor's log book.

You may discuss this with Doctor Heath, and we will forward you a book which may be used for that purpose. A summary of the entries in the book could be forwarded to the Department quarterly.

Yours truly,

P. E. Moore, M.D.,
Assistant Superintendent
of Medical Services.
