INDIAN RESIDENTIAL SCHOOL (R.C.)

Kenora-Ont. Sept., 28, 1930.

Sir:-

We have just finished taking in our potatoes and, as in the previous years, we have about one fourth of what is necessary for the year. All the rest will have to be bought. It is about the same thing with hay; every year we have to purchase two or three carloads.

To keep our school going we have to make very heavy expenses, and when we have to buy these commodities we can hardly live on the grant we receive from the Government; this you can easily understand.

Why have we such a poor crop? Because we have not enough land cleared. There are about fifty acres that could be cleared at about one hundred dollars an acre; but, up to the present time we have received very little help from the Department. It is true, in the past, we received a grant of a few hundred dollars, but, it was not even sufficient to prepare the land for clearing. It is a low lying piece which must be drained, and the grant received was about equal to one half of the money necessary to have the drainage done.

I have asked the Department four thousand dollars to clear some land next year. I should have asked for six or seven thousand at least. I did not dare do so; it is so often said to me; "The Department has no money!" Nevertheless I am convinced that six or seven thousand dollars would be hardly enough to prepare enough land to derive a substantial revenue from our work, and give some work to our Indian boys and train them to cultivate the soil in a profitable way. This proposition should, it seems, receive attention from the Department.

Now, I have a suggestion to make about some work I wish to have done this fall, as soon as possible. I wish to have four or five acres of land drained, and ditches dug in order to prepare the soil for next spring to grow potatoes and other vegetables. It is a very good time to do this work now; the ground is in the best condition possible on account of the extra dry weather we experienced last summer.

Most of our Indians have nothing to do now, have hardly anything to live on, and are asking for work in order to be able to buy the necessities of life. To prepare this piece of land now would fulfill a double purpose, namely give Indians work and food, and give us a chance of raising at least a good crop of potatoes next year. Consequently, I come to ask you to obtain for us the sum of \$1800.00 at once to start the work immediately before it is too cold.

Indian Affairs. (RC 10, Volume 6199, file 465-9, part 1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

As it is impossible to let the Indians work alone,
I have the intention to engage as foremen Mr. Joseph
Gauthier and his son. They have supervised already
very successfully some work done by the Indians in
draining and clearing land. They are expert workers
themselves, and while supervising do more work than
their men.

Awaiting a favorable reply, I remain Sir,

Yours respectfully,

J. E. Baillargeon

(Fr. J. E. Baillargeon O.M.I.)

Principal.

R

OFFICE OF
INDIAN AGENT

Kenora, Ontario.
September 30th, 1930.

Immediate
[Signature]
Assistant Deputy & Secretary,
Department of Indian Affairs,
Ottawa, Ontario.

Dear Sir:-

Enclosed please find letter received from the principal,
Kenora, R.C. Indian Residential School, which explains
itself.

It is true, the school has very little land cleared. If
the Department approves, and if the school is not likely
to be scrapped in the next few years, I would recommend
that a grant be given for clearing and putting further
land under cultivation. It should be distinctly understood,
that Indians should be used as much as possible, but if
anything is to be done this fall, it should be started
immediately.

Your obedient servant

Rank Edwards

Indian Agent.

I incl.

\$1500 per year
\$2500 provided for this purpose

Ottawa, October 4, 1930.

Sir:

I have your 108-2 of the 30th ultimo, enclosing letter from the Principal, with reference to draining and clearing some land this fall for the Kenora Indian Residential School. In reply I have to authorize you to expend approximately \$1500. in this connection. This work should be done under your supervision and that of the Rev. Principal, on a day labour basis - Indians to be engaged as far as possible. An accountable cheque for \$1,000 is being directed to you, under separate cover. Labour returns, in duplicate, should be forwarded in due course.

Your obedient servant,

[Handwritten signature]

A. F. MacKenzie,
Secretary.

Frank Edwards, Esq.,
Indian Agent,
Kenora, Ont.

129-1-9

Indian Residential School (R.C.)

September 30th., 1930.

Dear Sir:-

No doubt you have read with satisfaction that our new Government will spend twenty million dollars to relieve unemployment.

May we not take advantage of this situation to help our poor Indians in helping ourselves at the same time.

You have experienced several times that there is practically no road leading from the Golf Club to our School, a state of things that should not exist; we should have a decent road to go from here to town, there is no doubt about this.

May I ask you to kindly obtain that a road be built from the Golf Club to our school. It would cost approximately one thousand three hundred dollars, I suppose.

The work could be done mostly by Indians who are already in need of food and money. You are interested in these poor Indians; I had the occasion to notice it several times, and I am sure you will do your utmost to alleviate their misery and at the same time, give us a hand in the best way possible.

I thank you for your kind cooperation.
Believe me,

Yours faithfully,

*J. E. Badlardon M.

EXTRACT FROM LETTER FROM FRANK EDWARDS,
INDIAN AGENT, KENORA, Ont., dated Oct. 3, 1930.
His No. 108-12.

Original on 129-1-5.

I enclose letter received from the Principal, in which he asks an appropriation of \$1300.00 to repair the road to the school. This road is in bad shape, and the school authorities apparently do very little work on it. We could probably obtain cinders from the C. P. R., and if the school authorities or the Department would pay for the labour of hauling, a passable road could be made at much less cost than estimated by the Principal.
