Memorandum:

DIRECTOR

Surveys & Engineering Branch

The Principal of the Kootenay Indian Residential School desires a copy of a plan of the septic tank that was installed in the school in 1911.

I believe that a plan of the septic tank was included in the plans of the school.

If you have these on your file it would be appreciated if a tracing could be made of that part of the plan dealing with the septic tank and its location. This sketch should be forwarded to this office so that we may send it to the Principal.

Memorandum:

Dr. McGill

As requested in your memorandum of the 19th ultimo, I am sending you herewith one (1) blue-print copy each of Sheets 1 and 2, Index No. 357, showing the septic tank drainage system for the Kootenay Indian residential school.

While it would be difficult to establish the distance from the building to the septic tank from the information shown, these are the only drawings on file in the Engineering and Construction Service in connection with the installation.

Reverend Sir:

I recently received a letter from Indian Commissioner MacKay stating that you desired to have a plan of the septic tank at the Kootenay Residential School.

The Surveys & Engineering Branch has forwarded me the attached blue print. They state that it will be difficult to establish the distance from the building to the septic tank but that these are the only drawings on file in their office in connection with the installation.

Yours truly,

Philip Phelan,
Chief, Training Division.

KOOTENAY AGENCY REPORT FOR THE MONTH OF JUNE 1941.

Dear Sir:

X X X

On the 18th, and 19th, a welcomed visit was paid by the Indian Commissioner - Major D.M. MacKay, and while time did not permit of his making the rounds of the Reserves as he would have liked, hurried visits were managed to St. Marys and Tobacco Plains. A large portion of the short time at his disposal having of necessity to be given to a study of a better system of fire protection for the Kootenay Indian Residential School.
