

D. J. MacInnis, M. D., C. M.

SHUBENACADIE, N. S., \_\_\_\_\_ 193

I explained to Dr. Mack that those cases did not show any evidence of either acute or chronic Venereal disease except by the blood tests. Dr Mack tells me that where the blood has been positive he doesn't put too much reliance in a negative blood test without a spinal fluid test.

Yours Respectfully  
D. J. MacInnis

Dear Sir:

Beg to let you know that we had a coasting accident on Sunday March 3rd. Charles Brooks No. III about eight years old, was taken by Leo Finney No. 49, about 12, away from the regular coasting place to among the apple trees which are surrounded by a barbed wire fence. The result was that the young fellow coasted into the fence and cut himself under the chin. Dr. McInnis was called and put four stitches in the cut. The youngster was put to bed for the remainder of the day, but was up yesterday and around with no apparent ill-effects.

Yours very truly,

The Secretary,  
Dept. of Indian Affairs  
Ottawa.
