

117004/1

Ottawa, September 25, 1913.

Gentlemen,-

In compliance with your request I am returning herewith the information asked for relating to the conduct of Mr. Robert Clifford Glaze, who was for a time teacher of the Indian day school at Gleichen, Alta.

Your obedient servant,

H. C. MOLE

Asst. Deputy and Secretary.

The Guardian Accident and Guarantee Co.,
Guardian Building,
160 St. James St.,

Dear Sir,
In reply to yours of 25 ult. I enclose
herewith a copy of Receipts and Expenditures
re. Old Sun School from the 1st Jan. last.

I also enclose Financial Statement
taken from our Synod Report covering the
period from 1 Jan 1910. When Dr. Jorutt
audited the books. You can therefore
trace both receipts and expenditures since
the re-opening of the School.

I have further added a memo. of
our Cash assets and liabilities to the 30
October. This will place in your possession
a complete statement of the Financial position
of Old Sun School at the present moment.
I endeavour as a rule to pay the salaries

of the staff immediately on receipt of the Government cheque. I have always done so until this time when I found the grant did not cover the overdraft in the cash ac. and I had to ask them to wait a short time longer.

You will see by the expenditure sheet that the salaries have been paid regularly until now, but they will have to wait this time until our December^{CP} grants from the Church funds are available.

I shall be glad to give you any further information in my power.

I am,

Yours faithfully,

J. W. Tims

MEMORANDUM.

Mr. Scott,-

I find that the financial statement forwarded by Archdeacon Tims showing the receipts and expenditures at the Old Suns Boarding School from the first of January, last, to the end of November is correct as far as the amount of the Government grant is concerned. Our books shows that \$3084.50 was paid this school during that period. We have ~~no~~ no means of checking the other amounts and the only way to verify the rest of the statement would be to have an audit of the books made by one of our inspectors.

Dear Archdeacon Tims,

I have been informed that the staff of the Old Sun's boarding school have not received their salaries for some months. In view of this information I have to ask you to be good enough to submit a statement showing the amount of money received by you in payment of the per capita earnings at this school and also disbursements made on behalf of the school during the past year. I should be pleased to have this information at an early date.

Yours very truly,

Deputy Superintendent General.

Sir,-

I have the honour to report that I inspected the Old Sun's residential school on the 15th. inst.

#

4. This school has been without a regular teacher since the 1st of November last. The Principal has been doing this work since the date mentioned. It goes without saying that with a staff of five, thirty seven children and extensive buildings to care for the staff is too limited, by at least two.

9. The staff is too limited in numbers to properly keep this institution in the order it should at all times be kept and the apparent reason seems to be lack of funds.

Your obedient servant,

(sgd) J.A. Markle

Inspector.

#

7. This school has only been in operation about 18 months and during this period there has been several teachers. Frequent changes of teachers is not productive of rapid advancement of the pupils even if all are efficient for it takes some time for the teacher to learn the temper of the individual pupils and time for the pupils to understand the teacher. When these conditions are taken into consideration I think the pupils have advanced reasonably well at their studies.

Your obedient servant,

(sgd.) J.A. Markle

Inspector.

8 I was informed that the previous teacher was succeeding well, had good control of the pupils and that the pupils were daily advancing under her tutorage. I may say that it does not appear reasonable to me to expect efficient teachers to remain for long periods on the small salary offered. When the Department and the various Church authorities were arranging new terms and additional per capita grant I feared at the time that some of the schools would suffer for the want of efficient teachers if no such provision was made and the result has been about what I predicted. When 3rd. class teachers are able to command equal to \$35.00 per month and board it is not reasonable to expect them to accept about \$20.00 per month in an Indian school and where the working hours are usually longer than they are in a country school. If ever the per capita grant to these schools is again considered I trust that the foregoing suggestion will receive attention.

Your obedient servant,

(sgd) J.A. Markle

Inspector.

Ottawa, February 3, 1914.

Very Reverend Sir,-

The Department is in receipt of a report on the Old Suns Boarding School from its Inspector, in which he states that the school has been without a regular teacher since the first of November, last, and that the Principal has been doing this work since that date. He considers that the staff is too limited in numbers to keep the institution in the order that it should be kept at all times. It is also stated that during the eighteen months the school has been in operation there have been several teachers. Frequent change of teachers is not productive of rapid advancement to the pupils even though all are efficient. Under the last teacher it is stated that the pupils were getting on well and she had good control of them. The reason assigned for the frequent changes is that the salary paid is too small to secure a permanent staff.

The Department trusts that you will be able to secure the services of a competent teacher for this school, who will be offered sufficient inducement to remain permanently.

Your obedient servant,

J. D. McLEAN

Asst. Deputy and Secretary.

Ottawa

455414

Dear Sir,

I am in receipt of your letter of 3rd inst (117004/1), re the Inspector's visit to Old Sun School.

In reply I may say the Inspector was misinformed as to the date of the teacher leaving the school. Miss Foster was there until the last week in November. She was a competent teacher and was the second teacher we have had since the school was opened. She did not leave on account of the insufficiency of the salary but to become a bride.

The Principal has been authorized to secure another teacher but during the meantime the Principal, who has a good man to assist him in the institution,

is teaching in the Class room.

A great deal of additional work and worry is laid upon the principal just now owing to the state of the water system. Writing last week Mr. Gaudier says:

"The water is a worry. The pump is wearing out, not being broken to pieces. The joints in the pipes leading to the pressure tank are leaking and I can't stop them with poking. We cannot get water into the tank so water is being carried into the residence in pails. I have to put water into the steam boiler by hand - a hard tedious work."

We are of the opinion that the staff can keep the institution in order provided they are not handicapped as they now are by an inadequate water supply and the difficulty they have in obtaining such water as they can.

Yours faithfully
J. W. Timms

Extract from the Inspector's Report on the Old Sun's
Boarding School, dated Feb. 17, 1916. Original on 117004-6.

117004-
This School, at its present location, has been in operation about 2½ years and during that period there has been about 7 other teachers of one kind and another. Under such conditions satisfactory progress of the pupils in class work could not be expected and in my opinion has not been realized. x x x x x

If these pupils were proficient in the standards as enumerated there would not be much ground for complaint as regards advancement. My impression is, however, that the majority classed under standards III and IV would be more correctly rated if in standard II.

6.- In my opinion this institution has seldom, if ever, had a full staff to properly handle the work. Although Mr. Moore is herein reported to be employed I understood that he had recently resigned. Another male and another female should constantly be employed to keep the outside and inside work up to a reasonable standard. Now the larger boys are expected to help at various duties and too much I suspect without direct supervision. Such supervision I consider absolutely necessary about an institution of this sort for if otherwise they acquire slovenly habits at their work and such habits are most likely to remain with them in after life. The same may be the outcome with the girls and for the want of close and proper supervision when they are engaged at various household duties. Moreover I entertain the opinion anyway that the boys do not spend sufficient time in the class-room. Not more than two boys should be absent from class work any school day and these two for not longer than a half day for stated days in each week. During the season of gardening and farming such a rule might be deviated from with advantage to the larger boys, providing they are closely supervised at such work and idleness on the part of these pupils guarded against.

Sgd. J. Markle,

Copy for no. 1

Ottawa, October 19, 1916.

Very Reverend Sir,-

I have to call your attention to the unsatisfactory condition of the Old Suna Boarding School as shown by a late inspection report.

The Inspector states that there seems to be an entire want of discipline and order. The floors or wall did not appear clean and the bake house was filthy, bags of flour lying around on the dirty floor and indications of mice in the flour. The building is overrun with mice and apparently nothing has been done to destroy them. A want of care seemed to prevail all over the buildings and there was a noticeable lack of management and constant changes in the staff. The Inspector also says that pails are used for toilets in the dormitories and then carried to the lavatories next morning, when they are emptied and left and they smell horribly. He considers that the children could be trained to use the closets made for them, without having to use the pails.

The Inspector remarks that this school is anything but the object lesson it should be, as it is close to the station and in easy access to the public, who might visit it.

Frequent complaints have been made of the management of this school without any effect and it is trusted that it will not be necessary to again call your attention to
Ven. Archbishop J. W. Tims,

Duncan C. Scott Esq^r -
Deputy Superintendent General
Indian Affairs,
Ottawa -

494445

My dear Sir,

The Rev. Mr. C. Gaudier, has permission from the Bishop, to be absent for special Theological studies, at Wycliffe College, Toronto - for the period of three months. During his absence the Bishop has asked me to come into residence - & I therefore write to report the fact which I hope will meet with your approval.

A few days before Mr. Gaudier left, two of our older girls ran away, just before the tea-bell rang & were not recovered until about 7^{a.m.} the following day. Mr. Gaudier went himself in search of them, in less than half an hour after the girls disappeared, & reported the same to the parents, & then to the police, who sent out the native scouts. The girls appear to have taken shelter in the house of Harry Reddish Gun, whom they accused (rightly or wrongly) of assault. The statements of the girls, & certain evidence given by the School Matron, were of so serious a nature that Mr.

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

2

Gaudier felt it his duty, with my own approval -
to lay a charge against Harry Reddish Gun - The
Serg^t of Police, with interpreter - interviewed the girls
& collected as much 'evidence' as possible, & it certainly
looked 'very serious' - When the preliminary hearing
came off, before Mr Vigar J.P., the relatives of Harry
Reddish Gun employed a lawyer, who did all he
could to upset & 'scare' the girls - who are under
15 years of age - with the result that ~~one of them denied the~~
~~evidence she had given the Police~~ ^{not open their lips} - and the case was dismissed
on 'insufficient evidence'.

I feel strongly that such cases as these should
be undertaken by a sympathetic lawyer in behalf
of the Crown; on the ground that these poor
people are wards of the Government.

I can assure you the utmost vigilance exists
among both girls & boys, & that everything we can
possibly do for them is being done, for their general
good - And I must say the general behaviour of
our children is really excellent.

I am, my dear Sir,
Yours very faithfully
H. W. Gibbon Stockley
Acting Principal

The Rev. M. C. Gaudier
will be most happy to
call on you if you wish

Ottawa, October 31, 1916.

Rev. Sir,-

I have to acknowledge the receipt of your letter of the 13th instant reporting that at the request of the Bishop of Calgary you have taken temporary charge of the Old Suns Boarding School during the absence of the Principal, the Rev. M. O. Gandier, and also reporting the circumstances connected with the case of two girls in this school, who ran away and took shelter in the house of Harry Reddish Gun, who was prosecuted for criminal assault and the case was dismissed on the ground of insufficient evidence.

The Department agrees with you that a lawyer should have been engaged for the prosecution and before proceedings were taken against Harry Reddish Gun the Agent should have been communicated with, when no doubt counsel would have been obtained. As the case has been dismissed no further action can be taken.

Your obedient servant,

Assistant Secretary.

2 letters

Ottawa, October 31, 1916.

Sir,-

The Department is in receipt of a letter from the Rev. H. W. Gibbon Stocken, Acting Principal of the Old Suns Boarding School, in which he states that shortly before Mr. Grandier, the Principal, left two of the older girls ran away just before the tea bell rang and were not recovered until about 7 a.m. the following day. He says that the girls appear to have taken shelter in the house of Harry Reddish Gun, whom they accused of assault, and that the statements of the girls and certain evidence given by the school matron were of so serious a nature that a charge was laid against Harry Reddish Gun, but the case was dismissed on account of insufficient evidence.

The Department would like to have a full report from you in regard to this matter.

Your obedient servant,

496918

I am in receipt of a letter from Rev. Canon Stocken Acting Principal of Old Suns Boarding School as follows:—
"An epidemic of whooping cough which has been at work on the reserve and in town for weeks past has entered our School, and four or five cases are down with it, necessitating the attention of a trained nurse. I learn from Archdeacon Tims that our School funds cannot stand the extra expense, in view of the increased cost of food, etc. and he asks me to ask you to approach the Department in the matter, in the hope that they may see their way to sanction the employment of a nurse for the purpose, at \$15.00 a week, which is \$10. less than the usual charge. I understand they sanctioned the employment of a nurse at the Peigan School (the Victoria Home) when measles broke out last spring."

There is no doubt that additional help is required at the School, and if it is customary for the Department to pay nurses for cases of this kind, would recommend that the same be done in this case.

Your obedient servant

IN YOUR REPLY REFER TO
No. 5B.
ALSO
TO DATE OF THIS LETTER

Sir,—

Referring to your letter dated Oct. 31st, No. 117004/1 in regard to the two girls who ran away from Old Suns School, and on account of whom a charge was laid against Harry Reddish Gun, I have to report as follows:—

I have gone carefully through all the evidence and find it so conflicting that no reliance could be placed in it. Harry Reddish Gun, the accused, is one of our best farmers, and one of our most reliable young men, and is a married man with one child. Harry, with his wife and child, and an ex-pupil, David Greasy Forehead, were living in a tent near his own house. On the night the girls ran away from school, they came to Harry's tent about 7 P.M. and according to the evidence left there about 9 P.M. Harry's wife was with them in the tent all this time. She sent them away lest they should get in trouble for keeping them. David, the boy who worked for Harry, and another ex-pupil, Donald McMaster, Jr. were outside of the tent the greater part of the time, and are supposed to have heard the conversation.

The girls stated that after leaving the tent, they slept in the stacks all night. The two boys mentioned are supposed to have slept in Harry's house, as they came out of the house in the morning.

I may say that both boys and girls from this

school have in the past been allowed to go home on Saturdays, and sometimes failed to return until Sunday or even Monday. I spoke to the Principal several times about this, but the practice was continued until this took place, since which time it has been discontinued.

Every opportunity was given to the girls to give their evidence, but they refused to be sworn, and their stories were so conflicting that no dependence could be placed upon them.

Ottawa, January 23, 1917.

Sir,-

5B

I have to acknowledge the receipt of your letter of the 6th instant embodying a copy of a communication which you have received from the Acting Principal of the Old Sun's Boarding School, in which he states that there are four or five cases of whooping cough in the school, necessitating the attention of a trained nurse, and asks the Department to sanction the employment of a nurse for the purpose at \$15.00 a week.

In reply I beg to say that the Department will allow \$15.00 a week ^{for a reasonable time} for the services of a nurse to look after the children who are sick with whooping cough. It is considered that the nurse should not be required for more than a month.

Your obedient servant,

REPORT OF INSPECTOR MARKIE ON THE OLD SUNS BOARDING SCHOOL.

14. This school is located on 160 acres of fairly good land and my impression is that if a fairly practical farmer was employed and retained for reasonable periods, that, considerable farm products could be grown and that such products would be of considerable importance with regard to the financial aspect of the school. I do not think, however, that an efficient man for the position of farmer can now be secured for \$40.00 per month and board. A married man would likely remain for longer periods than would a single man. My impression is that few married men would accept such a position, if he were efficient, and reside within the school. He would expect a cottage for the exclusive use of himself and wife. Unless there are very radical changes made at this institution I am not likely to be convinced that the annual expenditure to the Department for this institution is worth to the interested Indians its cost. The Church, under whose auspices it is, apparently have not funds available to properly conduct it, if it has the ability and the rapid advance in the cost of foodstuffs etc. during the ~~year~~ last year or two years has strained its resources to the breaking point.

12th

Date of Inspection, -February ~~1915~~, 1916.
