Re: two tonsil cases,
Your letter October 13th.

This letter does not give us sufficient information. What Agency do the girls belong to? Has the doctor recommended that tonsillectomies be done? If so, the work may be proceeded with provided the parents consent.

It would be appreciated if you requested authority from the Agent concerned direct, in future, as it is difficult here to follow a routine without knowing the Agency and the circumstances of each case.

With reference to your letter 36-0-13 dated August 23rd regarding Anna Mae Peters, the Principal of the Spanish Residential School has advised me that this girl is over 16 years of age and therefore not eligible for admission to the Sick Children's Hospital as the age limit for this hospital is 14 years.

Would you kindly authorize some other hospital where she will be admitted.
