Boiler and Water System Repairs -
Brandon Indian Residential School.

Reference Order-in-Council P.C. 5138, December 16, 1947.

It was our intention to include in the final 1947-48 Supplementary Estimates a sum to cover the expenditures required by the awarding of a contract for repairs at this school to Messrs. Neale, Stothard and Chapman.

However, we have now just received a letter from the Reverend Mr. O. B. Strapp, Principal of this School, which reads as follows:

"Mr. Stothard advises that the contract agreement has been completed and that he has some materials on hand and the balance ordered.

"The boiler will not be delivered for at least 8 to 10 weeks but as soon as the weather is milder some of the work can be done and left ready for the placing of the boiler and stoker."

Could you please advise us, therefore, whether it will be in order to delete this item from the proposed 1947-48 Supplementary Estimates and to include it instead in the 1948-49 Supplementary Estimates.

Re: Boiler and Water System Repairs,

Reference is made to your notation on Mr. Hoey's memorandum of the 21st instant regarding the above project.

In view of the fact that it will be impossible to obtain the boiler before the end of the fiscal year, and as it is not anticipated that any work will be carried out by the contractor before the 31st of March, no funds will be required from the 1947-48 estimates.

Arrangements, however, should be made by the Indian Affairs Branch to see that funds for this project amounting to \$14,000 are made available as soon as possible from the 1948-49 estimates.

I am enclosing progress estimate forms for January accounts and also accounts for February all signed by Mr. Strapp.

I was surprised to get my estimates returned at this late date as it seems a long time to find out that the forms were not correct, it is causing me a great deal of inconvenience to have to finance these accounts and shall expect an early return of check to cover same.

I also need at once priority number to enable me to purchase nails and also cedar siding which the lumber manufactures will not ship without priority so please arrange for this right away.
