With reference to your 108-13 of the 4th instant with regard to the December quarter grant of the Cecilia Jeffrey Indian Residential School, I beg to say that the aggregate attendance was 11,346 days. The Principal showed on his return that the average attendance was, therefore, 123.86 and he computed the amount due on this basis.

A check of the return showed that a mistake had been made in computing the average attendance and the amount sent by the Department, viz., \$5,086.95, is, therefore, correct.
