## OUR INDIAN HOMES.

WITH our finances at a low ebb, it is necessary that every expense should be reduced as much as possible, and consequently the Report of the Indian Homes for the past fifteen months (we close our books now the 31st December instead of the 30th September) will be condensed into as few pages as possible.

The obvious cause of the low state of our funds is that our income has not increased in proportion to the increase of our work. It is no small matter to keep two Institutions in active operation,—a Girl's Home with some 20 or 25 girls to clothe and feed, and three persons employed to teach and keep them; and a Boy's Home with from 50 to 60 boys, and eight persons employed in caring for and teaching them, and instructing them in various trades. Even with the greatest economy, and the kind assistance we receive in gifts of clothing for the children, the entire expenses mount up even now to about \$150 a week, (i. e.—about £30), and we have never as yet been able to receive so large a number of children as that mentioned above, the greatest number of girls so far being 18, and of boys 52.

The whole of this work of caring for these poor Indian children, and training them in the ways of christianity and civilization, has grown up within the short period of six years. The Shingwauk Home, for boys, was opened on the 2nd of August 1875, and the Wawanosh Home, for girls, (they are about 2½ miles apart) was opened on the 19th of August 1879.

We desire in this Report to tell, in as few words as possible, what the Homes are doing, and have done since they came into existence, and then to leave it with the christian public to

say whether they are an object worthy of increased support. God has blessed and helped us wonderfully so far. It has been perhaps on the whole a struggling uphill work, but it is really wonderful, in looking back, to see how difficulties, one after another, have either vanished or been overcome; how, when our path seemed stopped up, the way has been opened before us. We have never had to beg for money, our principle has been simply to make known our wants, one by one, as they have arisen, and then to trust to God to put it into the hearts of His people to supply them. Just at the present time our want is AN INCOME SUFFICIENT TO MEET THE ANNUAL EXPENDITURE OF THE TWO INSTITUTIONS. We have already a centre in England for the collection of funds for the Shingwauk Home, the oldest and the original Institution, and it seems most desirable that a second centre should be established for the collection of funds for the Wawanosh Home,—that is—that some lady would undertake to collect in England—say about £100 per annum—specially for the Girl's Home. Then as to Canada, what we seem mostly to want is some organised plan for the collection of annual subscriptions for the General Fund of the two Institutions. A large number of the individual Indian children are already supported separately by Canadian Sunday Schools. This seems an excellent plan, if only the children will not tire in their good work and will send in their quarterly remittances as punctually as possible. We should be glad if 20 more Sunday Schools would at once each commence the support of an individual child, \$75 (£15) per annum is the cost, or if clothing is sent \$50. But in addition

PUBLIC ARCHIVES  
ARCHIVES PUBLIQUES

to this individual support of Indian children, we want to see a general subscription list set on foot in Canada for the support of the two Homes. We have already a few names of annual subscribers, but the list needs to be very largely increased in order to meet our wants. Those who are able to do so would perhaps subscribe \$5 or \$10 per annum; others might try to collect that amount, and country Sunday Schools, whose Sunday collections would not admit of their supporting an Indian child, might perhaps send us \$10 or \$20 per annum to our General Fund.

Now for a few words about the Shingwauk Home. There are at present about 50 boys on our roll list, but owing to the illness of the Principal in the spring, and the consequent partial closing of the Institution, there are only 17 boys at present in residence, and the money which would otherwise have been used in the support of the full number has been employed in the erection of a new wing, which adds greatly to the comfort and commodiousness of the building. It was purposed to build another wing at the other end of the Institution, containing a junior schoolroom and dormitory, and reading room for the apprentices, all of which are much needed, and also a Chapel, but there seems little prospect of carrying out any of these plans just at present. Of the boys who left us in the spring, several had completed their full term with us as apprentices at various trades, and expected to get employment among the white people, one was a tailor, two were tin-smiths, two printers, one a bootmaker, one a blacksmith, and one a carpenter. Two boys also had become fitted as teachers; of these one is now the catechist and school-teacher at the new Mission among the Indians of Lake Neepigon, and the other has charge of an Indian school near Parry Sound. We hope that the Missionaries in charge of the Mission stations to which our boys belong, will, after they have completed their course with us, look after them and assist

them both in getting and retaining situations at work for which they have become fitted. Our boys make capital workmen, and give great satisfaction to their employers, but it is only to be expected that they will need some encouragement and assistance from those friendly to their race when they first launch out into the world to make their own way. That they have some spirit and determination to work, may be gathered from an extract from a letter written by one of the boys who is now making farming his vocation, but expects to come back to us next spring, "I could not say I have been idle this winter, I did not lay on my back three days after been working one day, as I think I read it or heard some one say that is the way with the Indians, I hauled about 50 cords of wood to the bank. At this season cordwood is worth, hickory \$2 a cord, soft-wood \$1.

The Wawanosh Home, for girls, has been placed under the fostering care of a local ladies' committee, the members of which all take very great interest in the working of the Institution. Mrs. Fauquier, our beloved Bishop's wife, though a great invalid and seldom able to leave her sofa, has quite made it her work in life to care for the poor Indian girls, and kindly occupies the position of first Lady Manager. A full report of the work from her pen will appear in the ALGOMA MISSIONARY NEWS, but from the reasons given above only a very little can be said in this condensed report, which for economy's sake we wish to confine to 24 pages, and of which about 500 copies only will be issued. Mrs. Fauquier says:—

"Our Wawanosh Home which has now been fully opened a year and a half (though the wing of the building had been occupied by a few girls the two previous years) has prospered. The training the girls are receiving in all domestic duties is proving most satisfactory. We have now 18 girls, whereas this time last year we had but 14. The exterior of the Home is becoming as attractive as the well ordered interior, the lot consisting of five acres,

upon which the house stands, has been fenced and drained, a good sweeping road up to the house made, the small stunted trees, which before read red the front unsightly, cut down and roots taken up and burnt, and the land ploughed preparatory to cultivating next spring; whilst one long flower bed has already been planted with perennial flower roots. A long low board building has also been put up some yards from the house, where the children can exercise their young limbs freely when the snow lies deep on the ground; and one end of this building is partitioned off for a much needed store-house. Some of these 18 girls have only been with us since August, and though they show many signs of improvement, those who have been with us one or two years, or longer, do so much more; and under the kind care and loving interest of the Lady Superintendent (who has quite won their hearts) are fast becoming nice useful girls, and a credit to the establishment. At the Christmas examination seven came out victors and three aspirants, showing how well they must have worked to have earned the number of marks required to give them those titles; they are also beginning to sew very nicely, and will soon be able to make their own clothes. We feel more and more convinced that this Wawanosh Home will prove of immense benefit to the Indian. Could anyone have seen those seventeen little girls, who came to the See House to say farewell to me, before we left the Sault, nice, tidy, respectable looking children as they were, dressed in the comfortable clothing our kind friends have sent them, and behaving so well, they would scarcely recognize in them the dirty, wild looking creatures some were when first placed under our care. Yes, God, we feel, is blessing our efforts, and the training those young souls are receiving is changing the current of their lives, their aims are elevated, they are no longer content to live in the degraded state their forefathers have done, and down deep in the hearts of some, we

trust, is the dawning wish to do some good for others, even as it is being done for them."

And now, in conclusion, we would most heartily thank the many kind friends of our work for their liberal gifts to the support of our Institutions. Our Honorary Secretary, in England, is writing again quite hopefully about the increase in funds, the contributions to the *Shingwauk's Home*, which had fallen off about £50 a year, having been brought up again to the original sum, or even, we venture to hope, a little above it. This improvement has, under God, been mainly owing to the energetic assistance given to our Secretary by one or two of her "Lady Receivers," if each of those ladies would make a like effort our income might soon be raised to the required amount. We trust that ere another year speeds by, our *Wawanosh Home* may be represented in England by a Secretary-Treasurer and a staff of active, earnest "Lady Receivers," as is already the case with the *Shingwauk Home*. We also most heartily thank our lady friends, both in England and Canada, for their many kind contributions of clothing for both the Homes. A large amount has been received altogether during the year, and owing to the partial closing of the Boy's Home we have been able to accumulate a little reserve stock, ready for use when all the boys come back to us next summer. We hope that our friends will not relax their efforts, for the boys, especially, use up immense quantities of underclothing, and any money that comes into our treasury for clothing purposes is more than absorbed in the purchase of cloth clothes and boots for them. For the girls, Mrs. Fauquier asks especially for pieces of stuff, to be made up by the children for their own use. Their uniform dress is of navy blue, trimmed with red, of serge for the winter and cotton for summer, made with blouse waist, and cuffs, collars, and belts piped with red. All gifts of clothing are acknowledged at the time of receipt in the *ALGOMA MISSIONARY NEWS*.

**THE SHINGWAUK CHAPEL.**

The above chapel, is to be built as soon as funds will admit of it, on a beautiful spot a short distance back from the Shingwaik Home, where the bending fir trees almost hide from view a most picturesque little lake, and where a little cemetery has already been enclosed and consecrated to God, and five little grave stones mark the spots where Indian children have been buried.

It is expected that the first cost of the Chapel will be about \$2000 (£400), but we hope that it will be improved and beautified from time to time and become a little gem in the wild Bush, dedicated to the service of ALMIGHTY GOD, and a means of blessing to many souls.

None but FREERWILL OFFERINGS are desired, and the initials only of contributors will be published.

## Our Indian Homes.

OUR INDIAN HOMES have met with a very great loss in the removal by death first of Mrs. Fauquier, the first lady manager of the Wawanosh Home, on the 4th of November last; and then, on the 7th of December, of her husband, the beloved and esteemed Bishop of Algoma, who was patron of the Shingwauk Home and provided for the maintenance of one of the pupils.

The Bishop during his lifetime always took the greatest interest in both Institutions, he was well known and loved by the pupils, and always warmly advocated the cause of the Homes wherever he travelled in Canada. Mrs. Fauquier, though a great invalid and confined to the sofa for many of the latter years of her life, was indefatigable in promoting the interests of the Wawanosh Home for girls, and many are the little niceties in the furnishing

and arrangements which will long remain as mementos of her kindness and wise management.

In consequence of Mrs. Fauquier's death, and the removal from Sault Ste. Marie of others who helped in the work, it has become impracticable to continue the ladies committee which formerly assisted Mr. Wilson in the care and management of the girls' Home, but Miss Bennetts kindly consents to continue her work as local Corresponding Secretary, and in England we have Mrs. Halson who most kindly has accepted the post of Secretary-Treasurer, and undertakes to collect a hundred (£100) pounds a year towards the general maintenance of the Wawanosh Home.

Thus we trust that both of these Homes for Indian children may, through the blessing of Almighty God,

be enabled to continue the work which, now nearly ten years ago, was commenced in a spirit of simple faith and dependence on Him, and which has been so wonderfully supported and blessed from that time to the present. At times we have been discouraged—yea, almost desponding—through the lack of interest which has seemed to be taken in the work; at times we have met with opposition and unkind, unchristianlike, attacks; but we may we believe say, with all truth and sincerity, that our blessings have been greater—far greater—than our troubles, and that God has done for us more—far more—than we have either asked or deserved.

Beginning with a frame building and some 17 or 18 children in the autumn of 1873, we have now, January 1882, two large stone buildings and 76 pupils under our care. The Wawanosh Home, for Indian girls, stands on 15 acres of land, 12 of which are under cultivation, and is surrounded by four outbuildings, viz:—laundry, laundress' cottage, girls' play-house, and stables. The Shingwauk Home stands on 90 acres of land, about 18 of which are under cultivation, and is surrounded by five outbuildings, viz:—carpenter's shop and cottage, printing office, boot-shop and tailor shop in one, farm buildings, dairy and storehouse. During the past year \$1693 has been expended in building operations. The west wing of the Shingwauk Home, now occupied by Mr. Wilson's family, has been completed, an entrance Hall for visitors has been erected at the other end of the building, and at the Wawanosh a laundry and laundress' cottage have been provided. The Homes are both now in a very com-

plete state, and have accommodation for 26 girls and 70 boys. The only addition that we require now is a Chapel. Our beloved Bishop last summer selected the site and dedicated it to the purpose. About \$550 have so far been contributed, and the Indian boys have during their play time piled some 40 cords of stone as their contribution. We propose that it should be built in memory of him who has departed from our midst, and should be called the "BISHOP FAUQUIER MEMORIAL CHAPEL." The cost will probably be about \$3000, and it is hoped that this sum may be collected without a single name of any donor being published. Every gift is to be made in secret, on the scripture principle of not letting the left hand know what the right hand doeth.

#### THE ANNUAL COST OF THE HOMES.

The staff employed in the management of the Shingwauk Home for boys consists of a Schoolmaster, Matron, and a House Manager, the latter attending also to the farm and garden. These are the only employees paid out of the Institution funds. Mr. Wilson derives his own income from the Colonial and Continental Church Society and a few personal friends in England. Printer and Carpenter who are also employed in connection with the work of the Home are paid from the Industrial Fund which has never since the first establishment of the Homes had occasion to draw upon the funds of the Institution, the industries are made to pay their own way, borrowing money as needed from the Shingwauk Savings Bank. We mention these things as charges of wasting the funds placed at our disposal and employing an excessive staff have been made

against us during the year. We assure our helpers that we do all we possibly can to economise and use the money placed in our hands both fairly and wisely. If Mr. Wilson's salary be included in the expenses of the Homes the cost of each child all round will average about \$98 per head; if Mr. Wilson's salary be omitted, which under the circumstances may fairly be done, then the cost of each child will be reduced to about \$82 per head. Those who have had anything to do with public Institutions will know that this amount is far from excessive—especially taking into consideration the

Mr. Wilson is occasionally assisted in the account keeping by the Printer, and his time is then charged to the Institution funds.

#### PROGRESS OF THE PUPILS.

The examination of the Indian children took place on the 16th, 17th, 20th, and 21st days of December. Girls and boys were examined together, the plan being that for each year of residence in the Institution a child must take 100 marks in order to be a victor, 80 marks to be an aspirant, and those who received less than 60 marks for each year would be counted as lags.

distance we are (300 miles) from the markets, and provisions being in consequence very dear.

The staff at the Wawanosh Home consists of the Lady Superintendent, a Matron, and her husband who acts as farm man and gardener, and does all the outside work required for the Institution. A Laundress is employed at the laundry who with the assistance of Indian girls does all the washing for both Homes.

The result of the examination was that out of 53 boys and 22 girls, there were 14 boys and 7 girls victors, 19 boys and 4 girls aspirants, 17 boys and 8 girls below mark, and 4 boys and 6 girls lags. The first victor was John Esquimaux, about 27 years of age, who is preparing for college and received 600 marks out of 685. Second came Kahgaug with 534 out of 635, and third Wanbegosis, a smart little fellow of about 11, who took 453

PUBLIC ARCHIVES  
ARCHIVES PUBLIQUES  
CANADA

marks out of 575. The best of the girl victors were Martha Esquimaux who took 330 out of 478 marks, and Flossie Wawanosh who took 323 out of 445.

The average number of marks taken by the pupils was higher than at any previous examination. At the midsummer examination 1879 the pupils averaged 57½ per cent of the total number possible; at Christmas 1880 58 13-18 per cent; at midsummer 1881 61½ per cent; and at the examination just held 63 2-5 per cent.

The subjects taken up were as follows:—

3 senior boys were examined in geography, grammar, arithmetic, English history, Euclid, algebra, latin, and a little greek.

12 boys and seven girls in reading, spelling, dictation, arithmetic, geography, grammar and English history, the girls omitting the last two subjects and taking sewing, knitting &c., instead.

14 more boys and 7 girls brought up the 2nd reading book, spelling, dictation, arithmetic, and a little elementary geography. The rest of the school were only commencing to read, and writing on slates.

The following are a few specimens of the questions given to the senior boys and the answers they gave.

(a) Describe the Tabernacle. *Ans.* (Esquimaux.) The Tabernacle was a church made something like a tent. This is the church which the Jews had while journeying through the wilderness. It was 30 cubits long, 10 cubits wide and 10 cubits high. It was divided into two parts, the larger part was called Holy Place, and the smaller part Holy of Holies. In Holy Place

priests used to go every day to perform the services, but into the Holy of Holies only the High Priest was allowed to go once a year. In Holy Place the altar of incense, the table of shew bread and the golden candlesticks were kept. In Holy of Holies the Ark of the Covenant was kept.

(b) Tell what you know about Melchizedek. Where is he mentioned in the New Testament? *Ans.* (Benjamin.) He blessed Abram when he came from the battle after he had got Lot, for he was made prisoner. He was king of Salem and also a High Priest, and no one knew who he was. He is mentioned in Hebrews viii.

(c) Where are Aden, Pondicherry, and Singapore? *Ans.* (Kahgaug.) Aden is at the mouth of the Red Sea. Pondicherry is in India, on the Coromandel coast. Singapore is on the Straits of Malacca.

(d) What is told of Edward VI? *Ans.* (William.) He became King when he was 10 years old. Quick and intelligent. Somerset managed the kingdom when he was a boy. He built schools at Shrewsbury, Birmingham, Macclesfield. Also hospitals of St. Bartholomew and St. Thomas.

The marks gained by the pupils included those given for good conduct, punctuality &c., as well as for progress in their trades, so that the apprentice boys (who only study at night) had an equal chance with the rest.

The following is a letter written during the examination by one of the apprentices:—

Shingwauk Home,  
Sault Ste Marie,  
Dec., 15th '81.

DEAR SIR.—I thought I would write to you this evening and tell you what

work I am doing. We are very busy indeed, lots of work ironing of sleighs, we have ironed already six sleighs since last fall, and we got to iron two more, one cutter and one long sleigh. One day last week we put forty-eight shoes on the horses, we commence about 10 o'clock and Frank put the shoes on and I clenched, and Mr. Brown fit the shoes, and we done shoeing about 4 o'clock, and we commence again at sleighs. That is all I have to say to you this evening.

I am your friend,  
Joseph Sahgejewh.

#### THE APPRENTICES.

One of the great objects of the Institution is to fit the Indian children for gaining their livelihood when they grow up after the manner of white people. So, with this object in view, the girls are thoroughly trained in house work, cooking, baking and laundry work, and the boys, after spending about two years steadily at school, in their third year commence learning a trade, and during the last two years of residence rank as apprentices.

The system has been found to answer exceedingly well, and the expense of instructing the boys in trades has been but trivial. Carpentering and printing are taught within the precincts of the Institution, but for instruction in other branches of trade the boys are sent to the village of Sault Ste. Marie, a distance of about one and a half miles. Every morning at about 7 a. m., the boys may be seen starting from the Shingwauk Home with their dinner cans, they are away

the whole day and return to the Home about 6 o'clock in the evening. There are at present 2 boys learning tailoring, 3 learning carpentering, 4 printing, 3 blacksmithing, 3 tinmithing, 4 bootmaking, and 1 harnessmaking.

The following are specimen letters from their employers:—

(From the Blacksmith.)

Sault, Dec., 15th '81.

REV. E. F. WILSON,

DEAR SIR.—I am pleased to be able to say that the whole of the boys in my employ are making very fair progress, and that they are always anxious to oblige in every possible manner, and give entire satisfaction to myself.

I remain,

Very respectfully,  
William Brown.

tion, I have no fault to find with them whatever.

I am yours truly,  
W. Vaughan.

(From a Carpenter in the Village.)  
Sault, Dec., 15th, '81.

REV. E. F. WILSON,

DEAR SIR.—It gives me great pleasure to say that the boy William since he came to work for me has been punctual, obedient, and honest, and deserves the best character that could be given to anyone in his situation. He has given perfect satisfaction in every particular.

Yours respectfully,  
H. Storey.

Other tradesmen speak equally well of the capabilities and behaviour of the boys, and it may be taken as an established fact that Indian boys are fully capable of becoming good mechanics if a fair chance be given them to do so. It surely then would be far better that increased facilities should be afforded to the rising generation of Indians to engage in occupations for which they are so well fitted, than that they should be left to idle away their time in a semi-civilized, half gipsy, sort of existence on the Indian Reserves. His Excellency the Marquis of Lorne, who visited the Institution last summer, was exceedingly pleased with all that he saw, and expressed his belief that our plan of dealing with the boys and encouraging them to throw off their Indian habits and amalgamate with the white population was the right course to pursue. His Excellency the Earl of Dufferin, who laid the foundation stone of the present Shingwauk Home in 1874,

expressed almost exactly the same views. We have therefore this high authority for pursuing the course we do. While making it our first object to teach our Indian boys and girls the great truths of religion, and to train them in the ways of God, we also look forward to the day when the undeserved reproach of the race will be removed and they will take their stand on an equal platform with their white brethren.

#### THE BOYS WHO HAVE LEFT.

No doubt it will be asked;—What has become of the boys who have left the Institution? Have they turned out satisfactorily, and are they now gaining their own livelihood? To this we are thankful to be able to make a favorable answer on the whole, though we certainly feel that there is at present a difficulty in keeping track of our boys after they leave, and in securing permanent employment for them. The idea at present of employing Indians on the tailor's bench and at the blacksmith's anvil is a new one. Time must be allowed for its development, and we fully believe that after a while the idea will become a popular one, and that tradesmen in various parts of Canada will be as ready to take our Indian boys into their employment as are those who live in our neighbourhood.

Of some of our boys who have left we can hear only that they are farming, or are working at a saw mill, or have got occasional employment on the steamboats. This of course is not satisfactory, as the time spent by them in learning a trade at the Institution seems thrown away if they do not continue at it. However of others we have received a more satisfactory account.

Joseph Esquimaux is at present school teacher and catechist, under the Rev. R. Renison, at the Neepigon mission. William Riley is a school teacher at Henvey's Inlet. Adam Kiyoshk (the first boy who came to the Institution) is now at Sarnia working at his trade as a carpenter, and getting good pay. Edward Jackson is working as a carpenter at Wallaceburg, and doing well. John Wigwau has earned wages as a bootmaker, and is now back at the Institution improving himself both in his education and his trade.

The Indian department has been applied to to look after those boys who are not at present gaining their living by the trades which they were taught, and they have promised to do so through the medium of their local agents.

#### TO OUR SUPPORTERS.

We most heartily thank our many friends for the kind help they have afforded us during the past year, both in money and gifts of clothing.

The responsibility of maintaining these two Institutions becomes increas-

ingly heavy. Were it not for the firm assurance we have that the work from the first has been of God, that God has and that God will sustain it, we should indeed shrink from the burden and weight of so great an undertaking. On the one hand we have to maintain the confidence of the Indian parents—which of itself is no easy thing to do—we have to persuade them to give up their children to us, to come many of them a distance of 300 miles or more to a spot where for half the year they are entirely shut off from communication with them, and where though they be sick or dying they cannot visit them. We are responsible to the children to clothe, feed, and care for them as though they were members of our own family, and to make and enforce rules for their safety and guidance. We are responsible again to our friends and helpers to make the most careful and economical use of the money entrusted to us, and to satisfy them by our reports from time to time that our work is making fair progress and giving good evidence of eventual success. All

this responsibility rests virtually at the present time upon one pair of shoulders. May the prayers of God's people arise that strength may be given sufficient for the day, and that an abundant blessing may rest upon the efforts put forth for the benefit of

These poor children of the Forest.

It is a cause of great thankfulness to us that our funds in England, which at one time had very much decreased, are now, through the energy of our Honorary Secretary, Mrs. Martin, and her "Lady Receivers," in a more flourishing state; also, that our hope expressed in our last report, that a lady might be found to represent the Wawanosh Home and collect a £100 a year in England for its maintenance, has been realised, Mrs. Halson having so kindly undertaken the post. For all these blessings we render up hearty thanks to God, the giver of all good gifts.

Our financial condition is better than last year. We began the year with a deficit of \$650. This year the deficit is only \$28. We have also received a very large amount of clothing during the year both from England

and Canada, all of which has been of the greatest service and a great saving of expense. We trust that our lady friends are many of them already busily employed during the long winter evenings in making garments for our Indian boys and girls. A gift of 20 or 30 pairs of strong boys' trousers would be one of the most acceptable gifts we could receive. Mothers who have romping boys of 10 or 12 years of age know what this want means. We shall be glad also of more blue serge uniforms, trimmed with scarlet, both for boys and girls, and any amount of warm underclothing and socks. Boys knitted caps for winter, and scarlet netted sashes to be worn round the waist with the summer uniform would also be acceptable. All gifts of clothing are acknowledged at the time of receipt in the ALABAMA MISSIONARY NEWS.

#### DATES TO REMEMBER.
