Ottawa, August 29th., 1924.

Rev. Sir,-

On the 26th June the Department sent you three accounts from the National Drug Company for drugs shipped to you, viz:- \$38.66, \$40.31, and \$23.13, in order that you might certify and return promptly for payment. You should explain why you did not do so. The Company has again forwarded these accounts to the Department in triplicate and I am enclosing them to you. Kindly certify two copies and return to the Department at once.

Yours truly,

F.H. Paget

Dear Sir:-

Inclosed please find statement of drugs received by our school
Part on November. 2nd. and part today, November 13th, for we thank you.

We would take this opportunity to state that we have
had the three children, Frederic Meawausige, Age 13, Parrie Pine, Age 9,
and Florence Pine, Age 7, examined, and the Doctor gave good report of
all, (we had them for two weeks before we had them examined, waiting
for their father to come and sign the applications.

The father had them
brought to the school, but did not come himself, I went to Garden River
yesterday to see him, but was told he was away hunting. We can only wait
for a chance when he is at home, to get the papers signed, otherwise
the applications are ready to forward to the Indian Agent.

Dear Sir:-

One of our pupils, Ella Jackson, who came to us two years ago, and is attending the Sault Collegiate, and is now in her second year, has been complaining of a pain in her side. And for the last few months has had to stay from school at times. Then last Friday, she complained of the same trouble, and went to bed, and remained in bed, until yesterday.

She said that the pain was not very bad unless she moved her body. So in the afternoon yesterday, I called Dr McCaig, and he came at once, and advised us to take Ella to the Hospital at once, and he would operate this morning. We took her to the Plummer Memorial about eight in the evening.

I will call at noon today and enquire about her, and will let you know how she is.

I hope I have done the right thing, to follow the Dr's advice, there was no time to write for instruction, or anything of that kind.

Will you at your convenience, arrange this matter for us, and do what is necessary that every thing may be safe.

Yours Faithfully.

Dear Sir:-

We are sorry to report that another case of Appendicitis in one of our girls.

Beatris Ince. of Hagersville. Ont. 12 years of age. This girl has at times been subject to pains, and would be confined to bed for a short time, and then the trouble would pass off. But on Sunday last she had much pain, and we call the Dr at 9 A.M. and he ordered her taken to the Hospital at once, and he operated at 11.30 the same morning.

We visited this girl today and she is doing as well as could be expected.

The first girl Ella. Jackson is doing remarkably well, and will soon be well enough to be up.

I feel certain that you will be quite satisfied that we did what we thought was the wise thing to do under the circumstance, for there was no time to wait for instruction from the Dept of Indian Affairs

It is very strange that we never before have a case of this nature, and now to have two cases come at the same time.

Thanking you for your kind consideration in this matter,.
